Note

The Insp.r Genl of Police recommends the payment of an allowance of Rs 50 a month to Mr. Noronha for teaching ambulance to the Students of the Police Training School.

In reply he was asked how long Mr. Noronha was employed in the work and the Insp.r Genl reports that the Ambulance class was opened on the 1st April/95 & will continue up to end of July or August next.

A similar recommendation previously made was not sanctioned by the Dewan

I would refer the Insp.r Genl to the terms of appointments to the Insp.r Service under which as now recommended, no such allowance as Rs 50/ per annum is admissible, claimed by any Asst. Surgeon.

Moreover Mr. No's appointment in the Insp.r Service Corps does not engross his time & attention to such an extent as to make the teaching of an Ambulance Class mean overwork. Such teaching must be regarded as included in his ordinary duties

I quite agree with the Dewan. The charge may be held by Asst. Surgeon by rotation. But I submit that Mr. Ivimey seems to have done good work all for a length of time and an allowance has been repeatedly recommended for the work. Under the circumstances he may well be given a monthly allowance of Rs 25.

Mr. Noronha took great pains to impart instruction to the students in the last class, most of whom have passed creditably in the subject vide results published in the Fortnightly Police Circular dated 15th instant. He has also published a book on Ambulance in English and Canarese for the use of the students. He has now been deputed by the Senior Surgeon to teach Ambulance and Stretcher-bearer drill to the new class in which there are about 40 students. I think it is only fair that some allowance should be

Your memo No. 2254 dated 29.3.95

Sir,

I have the honor to inform you with reference to the above (herewith returned) that I opened the ambulance class at the Police school yesterday. I find that out of the 40 students, 5 are Eurasians, one a B.A and the majority of the others intelligent men of fairly good educational attainments. Six of them are purely English knowing students without any knowledge of the Vernacular - Kanarese. Under these circumstances I am of opinion that the compounder previously recommended by me for lecturing to the

four Coorg students will not be able to manage the class and the work will not be satisfactory.

I have therefore decided to lecture to them myself although I have very little spare time at my disposal owing to my other duties at the Sawar Dispensary which take up my time fully. According to the time table of the Police School I have to lecture every day for two hours in the after noon in English and Kanarese alternately. This is rather heavy work in addition to my other legitimate duties, and as this is purely extra-departmental and hardly professional work, I venture to hope that you will be pleased to address the Inspector General of Police to obtain sanction of Government for a suitable allowance for the work. I beg to mention that allowances are sanctioned by Government for the teaching of other subjects such as Surveying drawing, Photography &c.

No. 229

Dated 13th August 1896

Sir,

In continuation of my letter No. 206, I have the honor to inform you that I have almost completed my work at the Police School and I beg to request that you will be pleased to request Government to reconsider the question of my remuneration on the following grounds:—

1. That I am placed entirely and in independent charge of the Imperial Service Regiment and I have sufficient and responsible duties to attend to in connection with the Regiment, such as attending parades, inspecting the lines and the medical wants of 800 officers and men and their families.

2. My work with the Police School is beyond the requirements of the Regiment and has no connection with it. In fact, as you are aware, the Military Secretary objected to the work being in any way connected with the Regiment.

3. Lecturing in the Police School is beset with peculiar difficulties owing to the classes being composed of various types of men who have to be taught separately in English, Hindustani and Canarese. Such work cannot be considered as a legitimate duty of a medical man. In Madras

Teaching

Teaching and Lecturing is not considered as a legitimate portion of a medical man's duties. The professors of the Medical College and the Assistant Surgeons of Tanjore, although Government Medical Officers, are paid extra for their teaching in the Medical College and the Tanjore Medical School.

4. That my drawing a permanent allowance of Rs. 50/- cannot be a bar to grant any other allowance, since extra allowances are granted to other Assistant Surgeons in the Province. If I am not mistaken, the permanent allowance is to cover any extra work during the ordinary Course of routine business, connected with the department to which an Assistant Surgeon is attached and not such extra ordinary work outside his Province.

5. That I believe a Special grant is made on account of the Police School and that the other teachers, teaching technical subjects are paid for their work.

Under these circumstances, I beg you will be pleased to move Government for a reconsideration of the matter.

I have &c.,

/Signed/ G. G. Noronha.
Assistant Surgeon.

Dated Bangalore, 9th September 1897.

FROM

THE INSPECTOR GENERAL OF POLICE IN MYSORE.

TO

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS

SIR,

With reference to Correspondence ending with my letter No. 713/75 of the 20th August 1896 on the subject of the grant of allowance to Mr. Noronha, Assistant Surgeon, for teaching Ambulance and Stretcher-bearer Drill, to the students of the Police Training School, I have the honor to forward herewith Copies of the marginally noted letters and to state that the Military Secretary requires Mr. Noronha to undertake the teaching of Police-men

Mr. Noronha's letter No. 305 dt. 16-8-97 to the Senior Surgeon.
Senior Surgeon's docket No. 6639 dt. 19-8-97 to the Inspector General of Police.

Policemen without prejudice to his Military duties and to attend to his Regimental duty at 8 O'Clock in the morning. Mr. Noronha says that he Could not attend to the Ambulance Class without prejudice to his Regimental duties.

2. I understand that the Military Secretary and the Senior Surgeon are both unwilling to lend the services of Mr. Noronha for giving instruction in the School in the absence of any special allowance for the extra work. I would therefore request early sanction of the allowance proposed in this office letters noted in the margin. Each Course of lectures on Ambulance would last only 3 months.

I have the honor to be,
Sir
Your most obedient servant,

M Jaddhaven Rao
Inspector General of Police.

The Senior Surgeon is at liberty to assign to an Assistant Surgeon such duties as he can efficiently perform having regard to the capacity of the individual Assistant Surgeon concerned. The Govt, as at present advised, do not consider the Medical duties in question, of the Military and Police Department as too heavy for an Assistant Surgeon of ordinary capacity, willingness and activity. They further consider that the charge may be held by a first Surgeon under a system of rotation which is advisable for the improvement of the members of the Service as regards opportunities of training &c. &c. &c.
